TELESCOPIC BOOM LIFT LO...

[TEACHING LOAD CALCULATIONS](#)

Teaching load calculations This document sets out how teaching load is calculated for different types of student. To calculate teaching load we need to know what a student is studying, the teaching load splits for that activity, and how much they are studying (the FTE). What they are studying (and the credit value of each module) is taken from the student record. In general terms TL is calculated at l...
